

## **SOUTHERN STAR CENTRAL GAS PIPELINE**

### **“CANADIAN BLACKWELL EXPANSION”**

#### **NON-BINDING OPEN SEASON**

FAQ's 09/16/2011

- Under the Non-Binding Open Season project description regarding secondary production area delivery points, were the interconnects referenced were the only currently available off system pipeline delivery points?

ANSWER: The non-binding open season announcement listed the existing active pipeline interconnect locations on Southern Star. As part of the open season, potential new interconnects requested in the production area will definitely be considered if a party is interested in other options.
